

MANUAL SWINGING GATES RANGE

5700 Manual Swinging Gates

Secure | Simple | Cost Effective | Easy To Use

The 5700 Swinging Gate provides an ideal low cost solutions to a wide variety of parking, road access and traffic management requirements.

It is ideal for locations or situations where a fully automated barrier or gate entry system is either not necessary or cost effective.

The 5700 is available as a single or double leaf version, in either standard or heavy duty box section.

Constructed from high quality steel hollow box section, the robust structure of the JPD5700 means it is ideally employed in unmanned areas

with low volume traffic.

This durable gate can be locked in either the open or closed position via an additional latch post and padlock, providing excellent security to any area when required.
